

The HEARS Mission

To improve the quality of life for those impacted by hearing loss

100% of net proceeds from our event are donated to the all-volunteer Sertoma HEARS organization - providing hearing aids & superior quality audiologist services to lower income residents. Every \$1 raised provides \$3.75 value in assistance

The HEARS 5K fundraiser provides almost 25% of the needed annual funding for the program – we receive zero federal or state funding. HEARS helps US citizens of El Paso County who are near or below poverty level income and require hearing aids.

Founded in 1988, HEARS provided hearing aids to its' 2,000th client in 2015. HEARS provides \$225,000+ hearing support per year to our "in need" community - almost \$6 Million in value over 29 years.
